

Suncoast Conference Round-up

Larry Bush, Sports Editor

High-scoring Palm Beach and well-rested Forest Hill resume their battle for Suncoast Conference football supremacy Friday night against teams in the lower half of the standings.

Palm Beach, which has scored 77 points in its last two starts and leads the Falcons by a half-game with seven straight conference wins, plays at Pahokee (0-7).

Forest Hill was off last week and will send fresh troops into the battle with Stuart (3-4) in a game at West Palm Beach. The Falcons are 6-0 in the conference, 7-0 overall.

Until someone proves different, Palm Beach and Forest Hill are headed for a championship match Thanksgiving Eve at the Falcons' field, if both are

still unbeaten, the meeting could draw 10,000 fans.

The Pahokee game is Palm Beach's last against a Suncoast opponent. The Wildcats play non-conference Cardinal Newman November 19. Forest Hill faces dangerous Seacrest the same night.

Other games this week find Seacrest at Vero Beach and Ft. Pierce at Belle Glade. Both Lake Worth and Riviera Beach are off.

Ron Massey scored two touchdowns last Friday as Palm Beach spotted Belle Glade a 9-6 lead in the second quarter before rallying to crush the Rams 42-9. The conference 100-yard dash champion, Massey led the Suncoast in scoring with 42 points.

At Delray Beach, Ken Johnson scored three touchdowns as Seacrest overwhelmed Pahokee 39-6. Dick Conello made all his team's points in the second half as Vero Beach overcame Stuart 14-7, and, quarterback Ron Hawk ran for one touchdown as passed for the other as Lake Worth edged Riviera Beach 14-13.

Bucky Holt of Belle Glade trails Massey in conference with five touchdowns and five punts. Five others have 30 points, including Ricky Rhodes, Forest Hill, Buddy Vaughn, Palm Beach, Mike Craigie, Seacrest, and John Langfitt and Conello of Vero Beach.

Conference Standings	W	L	T
Palm Beach	7	0	0
Forest Hill	6	0	0
Seacrest	4	1	1
Lake Worth	5	2	0
Vero Beach	4	3	0
Stuart	3	4	0

Fishing, Boating, Skiing — Camping In Lake Okeechobee

In listing the many attraction in Florida, its natural wonders of sun, sand and surf are sometimes omitted. Yet these are the phenomena that set the state apart.

No matter the season, Florida's more than 1,000 miles of beaches are there to explore and enjoy. Whether an isolated cove or a popular seaside resort, the state has scenic fresh-water areas to please every taste, with Lake Okeechobee offering camping, fishing, bathing and boating facilities.

A smiling sun continues to send its warm rays, maintaining blue skies, lush greenery and tropic waters when other places are hibernating in a cold, dreary grayness. The sun shines two-thirds of the time that sunlight is possible and the temperature seldom dips below an average 70 degrees.

For the frustrated golfer chafing at not being able to pursue his favorite sport, Florida offers more than 300 of the best courses to be found anywhere, with Belle Glade's municipal course rated high.

The fisherman who does not relish dropping his line in a hole on a frozen lake finds Florida

is a happy fishing grounds for more than 600 varieties of fish. He can take his choice of salt-water sites, or enjoy Lake Okeechobee's big mouth black bass.

The boatsman sighing because his craft must go in dry docks can bring it to Florida for pleasurable cruises along all endless waterways. Skiers, too, need not wait until next year to enjoy hours of skimming in the Lake's balmy waters.

All those who yearn for outdoor fun — swimming, picnicking, sunbathing, tennis — whatever their favorite pursuit — can answer their fondest desire within Florida's hospitable domains, including the Lake Okeechobee area.

The vacationer who escapes

to Florida for a fall or winter visit will find a land of his most fervent wishes for leisure-time fun come true.

Lake Okeechobee's invigorating waters beckon year-round to those who enjoy the exhilaration of warm foaming waves swirling in gentle breakers as they reach the shore. Sun and sky and the zesty feel of fresh water add to the enjoyment.

'Do's and Don'ts' For Fla. Hunters

A list of "things to do and remember" for Florida hunters was issued today by A. D. Aldrich, director, Game and Fresh Water Fish Commission.

In the interest of safety, good sportsmanship, and staying out of trouble, hunters should:

Obtain a copy of and become familiar with the State and Federal hunting rules and regulations.

Always handle firearms in such a manner that you or other people are not endangered.

Obtain the regular state hunting license from a county judge and the special hunt area permit in addition to your regular hunting license before entering any of the wildlife management areas supervised by the Commission.

Buy a duck stamp and write your name in ink across face of stamp before hunting ducks or geese.

Respect the property of others and always ask permission before crossing fences or hunting on private lands.

Plug your shotgun to three-shell capacity, magazine and chamber combined.

Never use full-jacketed or military-style cartridge or 22 calibre rimfire cartridges while hunting or taking deer or bear.

Always check hunting area for illegal bait and never shoot birds over baited area.

Never hunt turkey with a dog and don't hunt or kill a swimming deer.

Never carry or use a gun with

a light in the woods or on the water at night.

Never use artificial light, fire, net, trap, snare, poison, salt lick, set guns, or live decoys to hunt or take game animals or birds.

Remember not to shoot deer or fawn deer, cub bear, panther, snow goose, Ross goose, brant, swan, non-game or song birds, Key Deer, Everglades weasel, alligators, mink, Everglades kite, hawk, owl, or eagle. Such animals are fully protected by law.

Always look before you shoot. Aldrich said that there were many more detailed rules and regulations that all hunters must follow. Summaries of these rules and regulations are available from the office of all county judges.

Annual Turkey Dinner And Bazaar By St. Elizabeth Guild Of St. John

"This is the only fund-raising program of our Guild," says Mrs. Emmett Roberts, Chairman, "and articles for sale are made by members of the Guild or donated by them."

The proceeds from dinner ticket sales as well as of items offered for sale will go to the common fund of the Guild for its several activities, it is reported.

The Bazaar, this year, will begin at 1:30 p. m. and the dinner will be served from five till 7:30 o'clock, Nov. 12th.

Other members of the committee for the Annual Turkey Dinner and Bazaar are, Mrs. Dick Poston and Mrs. Howard Payne.

Billy Graham Earns Upper Room Honor

Billy Graham, world evangelist, is to be honored in Raleigh, North Carolina in his home state, on Wednesday evening, November 18, on the occasion of his winning the 1964 Upper Room Edition.

The Rev. Dr. J. Manning Post, director of The Upper Room, in making the announcement said, "His annual Upper Room Edition dinner, it is to be held in the grand ballroom of the Sir Walter Hotel in Raleigh."

"The award is given to Dr. Graham," said Dr. Post, "for his outstanding contribution to world Christian fellowship. He is a compelling minister of the Gospel. He has preached to more people in person and has worked with more Christians of many denominations than any one else. His work has been on all of the continents and on many islands of the sea."

The Upper Room is an international Christian literary magazine published bi-monthly in 36 languages and 42 editions. It is distributed in some 120 countries of the world. Its readership is estimated at 10 million persons per issue.

Funeral Services Yield In Orlando For Mrs. Congleton

Methodist funeral services for Mrs. Daisy Congleton of Orlando and Winter Park, Fla., were conducted in the chapel of Cox-Barker Funeral Home, Tuesday, Nov. 10, 1964.

Mrs. Congleton is survived by one son Mr. Hugh Congleton, employed by Roemer Construction Co., Belle Glade, Fla. Three daughters Mrs. Arthur Ford of Winter Park, Fla., Miss Winnifred and Miss Mary Congleton of Washington, D. C. She is also survived by two grandsons of Belle Glade, Dean Congleton and Douglas Congleton and several other grandchildren and great-grandchildren.

Douglas and Dean Congleton and Lorrie Anne Congleton attended the service. Mrs. Walter Ashler, daughter-in-law, Mrs. Lella Douglas and Mrs. Juanita Croft also attended.

L. D. S. Church Bazaar And Supper

GIFTS FOR EVERY AGE will be offered at the Church Bazaar being held along with the annual fund-raising dinner of the Church of Jesus Christ of Latter Day Saints, Thursday night (tonight) November 12. Items sure to please any little girl... a doll and wardrobe... are displayed by two of the group of workers, Mrs. Evelyn Atkinson, left, and Mrs. Nancy Weinheimer. Many other items of handwork will make it possible for you to select "unusual" gifts for Christmas, items for your home, or for any gifts of the heart. The ladies urge you to come out, browse around and stay for the turkey dinner being served from 6 to 8 p. m. They promise a tempting menu!

COMMUNISM, A SERIOUS THREAT

Baptist Minister Attends State Meet

The Rev. Luther A. Key, Pastor of the First Baptist Church, Belle Glade, has just returned from attending the annual convention of Florida State Baptists. The convention was held at the First Baptist Church, Tampa, Florida. Mr. Key was one of approximately 2,000 ministers and laymen attending this annual convention of Florida Baptists. He announced a record budget was adopted by Florida Baptists with a considerably larger portion of the churches contributions going to World Missions outside the State of Florida, to help support Southern Baptist missionary projects around the world. Another important matter that was cared for during the three day session had to do with the proposed Baptist Junior College in West Palm Beach. The Education Commission of Florida Baptists plans to proceed under direction of the State Convention to expedite this educational project which will bring to our Palm Beach County a Junior College that will meet the needs of our growing area to a great extent.

Churches of Christ Scientist

"Mortals and Immortals" will be the subject of a Lesson-Sermon this Sunday in all Christian Science churches.

Golden Text: "Ye were some, times darkness, but now are ye light in the Lord; walk as children of light" (Eph. 5:8). Scriptural readings will range from the story of Noah's ark in Genesis to Paul's letter to the Galatians (3:28) — "For ye are all he children of God by faith in Christ Jesus."

Related readings from the denominational textbook will include this statement: "The eternal Truth destroys what mortals seem to have learned 'from error, and men's real existence as a child of God comes a light' (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 289).

FREEDOM'S DISCOVERY

There is joy in giving to God. That is freedom's ultimate discovery. And the hundreds of thousands of churches which we have built and supported bear testimony to the fact.

But when there are nations who despise God... who tear down churches... or forbid their support, how shall we teach this Christian joy to the boys and girls who will be our nation—tomorrow?

Karen and Paul are placing Sunday School "envelopes" at the foot of the children's altar.

Of course, what Karen and Paul and their classmates can give will hardly pay for an altar. But our world of tomorrow cannot be built on Kremlin economies.

A mighty generation must learn to worship in prayer and faith and sacrifice. There is joy in giving to God!

Our children learn this chiefly from our example and encouragement.

Benefit Held By Woman's Club

Members of the Belle Glade Woman's Club and their guests were treated by a Fashion-Talent Show last Thursday afternoon at the Belle Glade Civic Center.

Mr. and Mrs. Al Kahn of the "Red Shutter" sponsored the fashion show. Sports clothes and casual wear were featured by Misses Barbara Stevens, Eileen Lindrose, Nancy Fleish, Linda Lively, Mary Arthur Starling, Lynnette Thompson, Margie Hines, Judy Dermaddy, Shirley Dooley, Lynn Broome, and Mrs. Sandra Chambliss. Our "Thanks" to Mr. and Mrs. Kahn for the lovely fashions.

For the talent entertainment, we enjoyed several selections by Mr. Bob Lee, Miss Pat Anderson and her "baton" Mrs. Jean Roemer, Mrs. Virginia Lindrose, Mrs. Esther Wenger and Mr. Milton Carpenter. Mrs. Walter Bailey was guest accompanist.

Mrs. Guy Woods served as Mistress of Ceremony.

The proceeds of this Benefit Performance will go to the club's Scholarship Fund and the Public Library.

Delicious cake and coffee was

served preceding the show. Hostesses for the afternoon were, Mrs. Guy Wood, chairman; Mrs. Terry Miller, Mrs. Bob Lee, Mrs. Carl Cone, Mrs. Ted Daniels and Mrs. Murray Weeks.

Mrs. Wilson's Mother Remains Critically Ill

Mrs. Ted (Marye) Wilson, who was called to Fig. North Carolina in October by the serious illness of her mother, writes that "Mamma is just as bad as anyone can be and still hang on." Her father is in poor health also and she is needed for an indefinite period to help care for her parents. Mrs. Wilson worked in the office of The Herald for several weeks before going to North Carolina. Her husband is a patient at the T. B. Sanatorium in Lantana.

Mrs. Wilson's son, Carlton who was a student in Belle Glade school, accompanied her to North Carolina.

Mr. and Mrs. Customer
Belle Glade, Florida

Dear Mr. and Mrs. Customer:

We have a new look! Hope that you enjoy it as much as we are enjoying it.

When you stop by to select your Thanksgiving cards, napkins, etc., please be sure and take time to look over our complete line of boxed Christmas cards. They are beautiful! Your name can be imprinted if you wish. Hallmark Christmas gift wraps are on display. They are lovely. You will like them so much. We have so many other things on display that we know you will want.

Our photographic studio is also remodeled. And you still have time to have those Christmas photographs made — a gift that only you can give. And don't forget you can have your Christmas cards made with your, or the children's, photograph. Everyone cherishes this type card. You cared enough to take time.

Do stop by soon.

Most sincerely,

Natl. Teachers Exams Held Dec. 12

At WPB Jr. College

Palm Beach Junior College has been designated as a test center for administering the National Teacher Examination on December 12, 1964. Albert E. Bishop, Registrar, announced today.

College seniors preparing to teach and teachers applying for positions in school systems, which encourage or require applicants to submit their scores on the National Teacher Examination along with their other credentials are eligible to take the tests. The examinations are prepared and administered by Educational Testing Service, Princeton, New Jersey.

At the one-day test session, a candidate may take the Common Examinations, which include tests in Professional Education and General Education, and one of the 13 Teaching Area Examinations which are designed to evaluate the understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Bulletins of Information describing registration procedures and containing Registration Forms may be obtained directly from National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey. Prospective teachers planning to take the tests should obtain their Bulletins of Information promptly, Mr. Bishop advised.

QUICKIE RECIPE OF THE WEEK

Lemon Butter

Lemon butter gives added zest to many winter vegetables. To make, cream 1/2 pound butter and gradually add 1 tablespoon lemon juice and 1 teaspoon grated lemon rind. Especially good for broccoli, spinach or asparagus.

Bulletins of Information describing registration procedures and containing Registration Forms may be obtained directly from National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey. Prospective teachers planning to take the tests should obtain their Bulletins of Information promptly, Mr. Bishop advised.

Evolution

Revolution

The world-famous army 'Jeep' vehicle started it all. Then came the evolutionary changes. Sensible changes. Like more ground clearance. Stronger suspension. Weather proof tops. Fun changes. Like pink and white striped upholstery. Fringed sunrises. Lively colors. A sports roadster. A station wagon — rugged, durable, designed for work and play.

Then came the 'Jeep' Wagoneer. A revolution! The Wagoneer is so revolutionary, it's hard to recognize your old 'Jeep' friend. It's a station wagon. Add a looker! You'll be stunned. Slide into that luxurious interior. Beautiful. Comfortable. Versatile. Unlimited.

Turn the ignition key. You've got an overhead cam engine purring for you. The only one in any American production car. Try that steering. Power. The brakes. Power again. The transmission. It's automatic. Feel that ride. Pure luxury.

And the 'Jeep' heart and spirit are still there. Pull one simple lever and you're in 'Jeep' 4-wheel drive. Keep you down... hardly a hard hole that can bog you down. In fact, there's scarcely any driving situation that can get you down. You're free to go anywhere with the traction to pull you through.

5.2% Of BG Pre-schoolers Screened Reported To Have Defective Eyes

In the early spring free pre-school visual screening, 6.2 percent of the children tested in Palm Beach County failed. Belle Glade failed, according to Dr. R. Dale Cline, chairman of the program for the Florida East Coast Optometric Assn.

These figures were contained in the summary report for the Florida Optometric Assn. The

report goes on to state that 10 percent of all children tested in Palm Beach County failed. The highest number of failures was in Boynton Beach with 17.3 percent and the fewest in Clewiston with only 1.7 percent.

Dr. Cline said that more children entering school for the first time this fall were screened

than in previous years and that the 10 percent failure figure represented the fifth consecutive annual drop in failures.

"The average for other states offering the free screening has been approximately 10 percent, while our average has been as high as 13.5 percent in the previous four years," Dr. Cline

commented. The Florida East Coast optometrists were the first in Florida to offer the free screening, followed two years ago by the Broward County Optometric Society. In Belle Glade, the participating optometrists were Dr. Donald Fleish and Dr. R. Y. Creech.

Railroad's New Sugar Carrier

With a crack of a champagne bottle, Atlantic Coast Line Railroad's new stainless steel covered hopper car—the world's largest — was recently christened in ceremonies in Jacksonville, Fla. The new car, with a capacity of 135 tons, was named WHOPPER HOPPER.

Dwarfed by the car's Titan size, four young ladies demon-

strate the car's versatility by pouring bags of sugar, grain, fertilizer and phosphate into the compartments of the stainless steel giant. An automatic interior wash-out system reduces the time required to flush the car clean after each loading is emptied.

The new giant WHOPPER is the world's largest covered hopper car and will haul enough sugar in a single load to sweeten 30 million cups of coffee, or enough flour when made into bread to fill 200 delivery trucks.

Here's how to increase vegetable yields with Du Pont NU GREEN—the ideal supplemental nitrogen

"Nu Green" is 45% nitrogen from urea that resists leaching and provides the long-lasting source of nitrogen that vegetables need. Below is your guide to applying "Nu Green" for best results.

CONCENTRATION OF "NU GREEN" IN FOLIAGE SPRAYS

Lbs. "Nu Green" per 100 gals.	Crops
4 to 5	Tomatoes, cucumbers, cabbage, cauliflower, celery, lettuce, peppers, snap beans, sweet corn, strawberries
5 to 10	Sweet potatoes
10 to 15	Potatoes
15 to 20	Carrots, parsley

CONCENTRATION OF "NU GREEN" FOR IRRIGATION AND TOP DRESSING

From 80 to 160 pounds of "Nu Green" per acre are recommended for top-dressing vegetables—applied through irrigation water, or in ground or air equipment.

Pounds of "Nu Green"	Number of Bags of "Nu Green"	Pounds of Nitrogen
40	1 1/2	18
80	3	36
120	4 1/2	54
160	6	72

Here are three kinds of tigers. We sell two.

(Have you priced a tiger lately?)

The quick ones are ours. The agile ones. That's a Pontiac Le Mans, top left. Fierce. You can get it with 250 hp like most people. Or 285 hp like some. That's a Pontiac GTO, above. Ferocious. Comes complete with 335-hp Trophy V-8. Bucket seats. Hurst floor shifter. Dual exhausts. Heavy-duty springs. Redline tires. Even a real walnut dash. The whole package. Lite. Lean. Nimble. That other tiger? A puzzled cat. He checked out a "sporty" kind of car, learned it doesn't come with fangs at that stripped-down price. You look around. You'll see.

Progress Thru Building

There were two stories on the front page of last week's Belle Glade Herald that made an impression on our mind. One good and one not so good.

The first had to do with over one and a half million dollars of building permits issued by the City during the month of October.

That's quite a lot of building for a community of this size for one month. What makes it more impressive is, the record of building permits issued by the city during the year of 1964 is running at an all time high.

Some people have been looking for the number of building permits and their value to slow down, but October showed there is no slow down, rather the building trend continues upward.

These building permits show that quite a few people have faith in the future of Belle Glade as a good place to live, work and play.

In the last few years the "knock on the door" has been answered.

In fact, the change that has taken place in the past few years and is still continuing to take place, is placing a burden on business people and city officials to such an extent, that it's mighty hard to keep up with "progress."

However, there is a saying "That time and tide, (as well as progress) waits for no man." So—if you want to make it—invest in Belle Glade now... time-effort-money-to make this a better community.

You can't lose—this town is going ahead—to progress. A-L-L aboard.

Belle Glade's Traffic

According to an article in The Herald, some 7,000 cars and trucks passed over Main Street bridge in an 8-hour period. That comes to around 14 vehicles a minute.

That's not so good.

When you consider that count was made before the truck traffic that plays such an important part in serving the harvesting and marketing the crops of the area, had in no way reached its peak, its bad—real bad.

That thing called "progress," will really be slowed down and lined up, waiting for the light to change.

This is a good example of what happens when a community starts to grow fast or above its normal growth trend.

City officials are caught short. If only a lot of money to build a 4-lane bridge, and they don't have that kind of money "just laying around."

One thing might help a bit. If a lot of the mama's in town would stop driving their children to school over that bridge, it would help, during the daylight hours.

It wouldn't hurt the children a bit—might do them some good.

However, the final solution is turning on the "green light" of effort in solving the traffic problem in order that "progress" will not choke on the "cork" in the bottleneck — The bridge on Main Street.

UNCLE DAN from DOOLIE says:

Dear Mister Editor:

Outside of politics, the paper was mostly full of nothing last week. But it's the business of newspaper folks to make nothing sound powerful, interesting and they do a pretty good job of it.

For instance, I was reading where a feller in New Mexico picked up four kids and they slugged him and robbed him of \$300. The next night he picked up two more and they stole his car. The next two he picked up ought to take him out of circulation. A feller that dumb ain't got no business running loose amongst his fellow men.

And I see where them Eng. lish diplomats at the United Nations says we had ought to have another summit conference with Russia "at any cost." I can't see no harm in it. Uncle Sam always pays the cost anyhow. Russia won more at Yalta and them other summit meetings than we've won in all the wars we ever fought.

And I was reading a small item where some woman in Miami killed herself and left a note saying she done it for "no reason at all." It shows the world has strayed so far from common sense that people was going crazy, just doing anything for "no reason at all."

But there was one encouraging item in the papers last week. They ain't moved Thanksgiving. One more I'll come on the last Thursday in November. Now we've moved it around so much a feller never knowed what in advance when he would give thanks for his blessings. All he knowed for sure was that come March 15 he would have to pay the Government for 'em.

Yours truly,
 Uncle Dan

The Orient Can Be Most Interesting

Two Belle Glade ladies, Ruth Wedgworth and Edith Fredlund were privileged to spend a month in the Orient last summer. We believe, we are interested in reading what they saw and their observations. We believe, we are interested in reading what they saw and their observations. We believe, we are interested in reading what they saw and their observations.

Taiwan (formerly FORMOSA)

We arrived in Taipei, Taiwan at 6:30 A. M. after flying all night from Osaka. Actually we were delayed for 10 hours, and did not leave until 3:20 A. M. Our native guide met us at the Airport with a Bus and a corsage for each woman. We were much more interested in a bed at the moment. Before we reached Taiwan, we had to fill out a card on the plane stating the length of our stay, our occupation, and the purpose of our trip. We did this just before we entered each country. This was the only country that wanted to know exactly how much cash we each had in our pocketbooks, upon entering and leaving. The Grand Hotel perches atop the scenic Yuanshan, and has a wonderful view of the city. This new hotel has been opened up thirty months, and is in authentic Chinese architecture. We understood that Madam Chiang Kai-Shek is a part owner. There are three stories, each having a balcony the length of the

The Carp is considered by the Japanese to be strong, virile and dependable; so, on festive occasions a paper carp is flown to indicate a boy in the house — one for each boy.

hotel with vermilion iron grill work, and large red pillars. The center part has a few more stories, resembling a pagoda with curving tile roofs. Underneath this is the entrance to the lobby. A wide panel running all around this is painted in small designs in every bright color imaginable. The rest of the hotel was just as new and gaudy. Tourists rave about it, but to me it seemed just too fancy. The chairs were carved and black, and there was a huge golden carved circular entrance into the dining room. The long wide corridors lead to shops etc. A huge statue of a dragon holding a large white ball, depicting a pearl, was used for decoration.

Taiwan is a miniature China with the teachings of Confucius and observing all the old Festivals. Lying across the Tropic of Cancer, the Portuguese named this island Formosa, meaning "Island Beautiful" in 1544. There are thirteen thousand, eight hundred square miles in this island. Three fourths of the area is wooded mountains. Mandarin is the official language. They have six years of compulsory schooling, and English is taught only in high school. There are eleven and a half million people living here, and ten thousand of them are Americans. We were happy to see traffic driving on the right hand side of the road. The wide thoroughfares are divided into three parts, the center for motor vehicles only, and the sides for bicycles and pedicabs—a three wheeled bicycle with a cab in back that will hold two people. There is a top on this and mud guards. It looked very comfortable. Often we saw women that were probably going shopping. The native women wear dresses way below the knee, but still they wore the knee and seeing them in these cabs was a shock until you got used to it. Dividing these three highways are plantings, making this very attractive.

On the City Tour we visited the Lungshan Temple with gilded idols and carved stone pillars. The Goddess of Mercy, Kuo-in, and the Goddess of Sea, Motzu, were also there. The National Palace Museum houses priceless treasures from the Peiping Museum. There are many bronzes, paintings etc. There is a large University in the center of the city. Buildings here seemed older, and shops much poorer than in Japan. People on the streets were very poorly dressed in comparison. We went boat riding on Green Lake and saw many people in boats, some sipping tea. All kinds of refreshments are sold in boats. Along the shore is an amusement park. There is a high suspension bridge over the jade green water.

A Chinese Banquet was served to our Tour members at a large round table. The menu consisted of shrimps with crispy rice, fried minced-pigeon, dried chicken with walnuts, prawn balls with tomato sauce, mixed vegetables, fried sliced duck, sweet and sour pork, fried rice and glazed bananas which were hot and perfectly delicious. Each course was served separately, and we helped ourselves to as much as we wanted. We had a printed menu with the Crest of the hotel on top.

Your Library

A procession of third graders, accompanied by teachers, has visited the Public Library during the past week, to examine a tabular of new juvenile books which have been added to the collection. Many pressed noses against the glass cases containing rock and shell collections, on their way through. Mrs. Lois Burr, Mrs. Marie Williams, Mrs. Lydia McClure, and Mrs. Donna Challen accompanied their classes.

Mrs. Bettie Harris, and Mrs. Howard Burdine, the Librarian and her assistant, have the books ready for circulation this week.

For the lady with a hobby, the do-it-yourselfer, or collector, we recommend this list of unannotated titles:

Women's Day Book of American Needlework.

Illustrated in brilliant color, an ambitious work on crewel work, cross-stitch, needlepoint, quilting, hooking, crochet, knitting, rugmaking, and many other handwork arts. Highly recommended.

Guide To American Pewter.

For the serious collector, an authoritative work on a subject on which there have been few books written. Every known touchmark is pictured, with indication of chronological usage and comparative scarcity. The author is the leading premier dealer in the U. S.

The Book Of Sheffield Plate.

Seymour B. Wyler.

Over 500 illustrations are contained in a comprehensive book which contains all the known marks of Victorian Plate, as well as all the classic Sheffield Plate marks. The author is a recognized authority.

Adventures In Making, Manley

The stories which follow the discussion of each of numerous handicrafts in this book, from several ages, and all around the world, are intended for young people, but have universal interest. Some will interest the men; all should interest the women.

A Directory of Antique Furniture.

A great deal of research went into the making of this reference work. More than 1100 examples are shown and classified precisely, and beyond dispute. Music Boxes, Their Lore and Lore.

Not a reference work, but an entertaining, informative book on a happy hobby. Readers are told how to select, buy, repair and display music boxes. An idea book for anyone who would like to collect the rare and unusual.

WEAR WHITE

WINNER, AAA TRAFFIC SAFETY POSTER CONTEST

More than half of Florida's pedestrian fatalities occur during the hours of darkness.

This fact, in a reminder from the American Automobile Association, is keyed in the safety poster slogan distributed this month to the state's grade schools, "Wear White After Dark."

"All of us who have driven at night have been surprised at one time or another by a pedestrian, wearing dark clothing, who suddenly appeared before our headlights," said W. B. Wellons, Jr., director of traffic and safety for the East Florida Division, AAA.

"Why then, when we, in turn, are pedestrians, do we not dress so that other motorists can see us? One article of white clothing, or a flashlight, can be the very small thing on which a life depends. All adults, especially experienced drivers, should remember to wear white after dark and to see that their children do likewise. This problem is particularly acute in suburban and rural areas where adequate street lighting is frequently not available and speed limits are higher."

The posters are designed by school children in contests each year. In the 1964 contest, more than \$3,500 was distributed in prizes to young artists around the nation by the AAA.

For Being A Genius? Who Receives The Credit

Who is the person who receives credit for being a genius? Is it the person who is able to quote facts as though he were reading them? Is it the person who has a working knowledge of the things he must encounter? Is it the person who may not possess great knowledge, but knows where to find the things he needs?

Your Horoscope

Courtesy of Ingenue Here is your future forecast by the stars. The Zodiac may have good news for you. These are the guides for the signs of the Zodiac in the months ahead.

SCORPIO (October 24-November 22): Be extra careful of your health this month. Romance picks up and you make new friends.

SAGITTARIUS (November 23-December 21): You need to cultivate patience and stamina. Work hard.

CAPRICORN (December 22-January 20): Try not to depend on your friends. Romance which seems so glamorous at the beginning of the month may fade.

AQUARIUS (January 21-February 19): Work hard at your part-time job, and save money. Don't be tempted into foolish extravagances this month.

PISCES (February 20-March 20): Be loyal to friends in trouble. Social life picks up at month's end.

ARIES (March 21-April 20): Take extra precautions about health. Keep good terms with family.

TAURUS (April 21-May 21): Work hard on creative projects. Join in extracurricular activities.

GEMINI (May 22-June 21): You may be under considerable strain at home and school. Keep your temper under control. Possible new romance.

CANCER (June 22-July 23): Personal expenses may rise steeply. Budget carefully. Mend any rifts between you and friends or family.

LEO (July 24-August 23): Social life improves. Be extra-tice to the girls (and or boys) you meet.

VIRGO (August 24-September 23): The main stress this month is on family affairs. Accept home responsibilities.

LIBRA (September 24-October 23): Take extra care of your health and guard against accidents. Romance is more likely toward the end of the month. Plan a big Thanksgiving party.

Hassie Heartbreak My girl is getting a little chubby. I don't want to hurt her feelings but I sure don't want her to become obese. What do you suppose she would think if I give her a box of "low calorie" candy for her birthday?

Dear Jim: I don't suppose she would think it was very "sweet."

Over The Back Fence

The Halloween weekend has given Over The Back Fence a lot of interesting items to report. In case you didn't attend the Lake Harbison Carnival last Thursday night, you missed a lively, spur-of-the-moment dance in the auditorium. Just ask Alice R. Audrey M., Linda N. Ronnie S., Kathy C., Jorge S., Lynn C., and Phil W., and the others who were there. On the same night the witches were out egging the bus.

We hear that Dorinda K. caused quite a stir with her costume and comedy act Saturday night. Linda M. couldn't get something about that?

Kathryn Z. had a real swinging time in Tallahassee. She was very fortunate in having a good date for a fraternity party at Florida State.

The dance sponsored by the ROTC Saturday night was very successful. About 200-250 students attended and seemed to have a good time.

Everyone had a good laugh when Gary W. got into a gunfight with Frank K.

Did you hear about Julio P. passing away Sunday? Those radio reports can be very disturbing sometimes.

Lane C. and Connie B. seemed to have found more interest in the Palooka carnival than the one in Belle Glade. What has Palooka got that Belle Glade doesn't?

Benny S., what's the idea of dating a Palooka girl when you already have a girl here?

Could it be, Joyce R., that you are having problems in your love life? That's what you get for having so many dates.

Poor Duane S., Did that big ole doctor scare you when he said that you had a cracked rib? We know he didn't mean it.

Jo V. and John B. are seen together quite often lately. Could there be a flame there somewhere? If so, your PHYSICS must have started it.

How does Darlene D. always have a misadventure look on her face? Everyone knows that Tennessee has something to do with it.

STUDENTS FAVOR GOLDWATER

Barry Goldwater, recently defeated candidate for the Presidency, was victorious in a mock election held here on November 3, 1964. Goldwater had 373 votes over Johnson's total of 171. Nine votes were cast for Wallace and six votes were incorrect. The idea of the election stemmed from the editors of the RAMPAGE. Students exercised their right to vote with enthusiasm and overwhelming attitudes.

Palm Beach County went for Goldwater while the entire state went along with the majority of the nation in selecting Johnson.

Cheerful Companion

Small gifts help break the monotony and ease the fear of a hospital visit for youngsters. Between temperature taking times a book or color or a small toy like this cheerful Lucky Lion tissues dispenser not only make the hours go faster, but are useful too. Welcome surprises during visiting hours are personal gifts. A balloon from father, an original finger painting from sister, or a bouquet of favorite flowers.

Small Business Workshop Friday

A few more applicants will be accepted for the November 13 Small Business Administrators workshop which has been planned to aid prospective and new business owners.

The workshop, the first to be held outside of the Miami area, is to be conducted on the Palm Beach Junior College campus. Thomas A. Butler, Miami Branch manager of the S. B. A. stated that the local workshop for the Palm Beach County area was in response to the many inquiries that his office has had from small business owners in this area.

Basic management principles, including financial, legal and location problems will be presented by S. B. A. specialists.

Registration is from 8:30 to 9:00 A. M., followed by a welcome by Thomas A. Butler. The program includes discussions such as PURPOSE OF WORKSHOP AND PERSONAL FACTORS — R. Harold Milby, Chief Management Assistance Division SBA, who will also suggest recommended readings and conclusions; FINANCING A NEW BUSINESS — Raymond W. Royce, Attorney at Law, Palm Beach; LOCATING A NEW BUSINESS — PURCHASING AN EXISTING BUSINESS — R. Harold Milby; ADMINISTERING AND MANAGING YOUR BUSINESS — C. H. Moody, Business Analyst, SBA; and a film: "Small Business, U. S. A." Dun & Bradstreet.

The workshop will conclude

Britton G. Sayles Named To Board Of Cancer Society

Britton G. Sayles, President of Roosevelt Junior College, has been elected to the Board of Directors of the Palm Beach County Unit of the American Cancer Society, Judge Anne E. Del Deacon, president announced Wednesday.

The first member of the Negro race to be selected, President Sayles said, "I feel it a great honor to be chosen as a member of the Board of Directors of the cancer society. It will be a privilege to serve and it certainly is a challenge to join the right against the dread disease cancer."

Sayles, principal of the high school for 14 years and president of Roosevelt JC since 1958, has lived in Palm Beach County since 1937, and is originally of Washington D. C. He holds two degrees from Howard University and did advance work at New York University and George Peabody University, Nashville, Tenn.

A former director of the Florida Interscholastic Athletic Association, Sayles also has served as chaplain and member of the board of directors of the Florida State Teachers Association.

He is a trustee of Payne Chapel, A.M.E. and is well known for his active, long-time interest in scouting.

Cancer society members welcome Sayles' appointment with great enthusiasm. Society executive director Mrs. Barbara Goodwin commented, "We will work closely with Mr. Sayles and we are so extremely happy to have him on the board. We have always found the Negro community most cooperative in our cancer efforts."

For their interest and support in recent years, Mrs. Goodwin mentioned a number of outstanding Negro crusaders in the active fight against cancer: Mrs. Robert L. Smith, Mrs. Thelma H. Starks, Mrs. Mary Williams, Mr. P. W. Butler, Lt. Peltan R. Roundtree, Mrs. R. L. Smith,

Mrs. Ruth Lewis, Mrs. Addie Mosely, Mrs. Mercedes Baldwin, Mrs. Vera Farrington, Mr. Anthony Holiday and Mrs. Leola Graham.

"It goes without saying," said Mrs. Goodwin, "the team fight against cancer knows no race, color or creed."

Good Hunting Is Safe Hunting!

"Progress is being made in reducing the death rate from firearm accidents in the United States, but the annual loss of 2,000 lives is needlessly high," Dr. C. L. Brumback, Director of the Palm Beach County Health Department, said today. Fire arm accidents take their greatest toll in November, when hunting is at its peak. The 3-month period from October through December accounts for almost 40 percent of the year's fatal hunting accidents. Tragically the highest death rate is among the youth of our nation, teen-age boys.

Our death rate from firearm accidents ranks among the highest in the world—about ten times as high as in England and Wales, Holland, and Japan, and considerably higher than in such countries as Denmark, Norway, Scotland and Northern Ireland. Most of these accidents are caused by carelessness or ignorance, and a high percentage could be prevented by safety instruction and common sense.

Following are some essentials of safe hunting and gun handling at 4:15 p. m.

Paul Allison, Dean of Special Studies at the Junior College, is in charge of local arrangements. Inquiries and applications should be directed to his office, phone 382-5301.

1. Progress is being made in reducing the death rate from firearm accidents in the United States, but the annual loss of 2,000 lives is needlessly high.
2. Always point the muzzle in a safe direction.
3. Keep your finger out of the trigger guard until ready to fire.
4. Keep safety catch on until ready to shoot.
5. Never point a gun at anything you do not want to shoot.
6. Be sure of your target before pulling the trigger.
7. Never climb a tree or fence or jump a ditch with a loaded gun.
8. Never shoot a bullet at a flag, hard surface, or water.
9. Open the firing action and unload any gun not in use.
10. Store unloaded guns and ammunition separately, beyond the reach of children.
11. Be sure the gun and ammunition are in good condition before use.
12. Avoid alcoholic beverages before or during shooting.
13. Know and observe the game laws.
14. Wear practical, easily seen clothing.

To the 5 out of 10 people who didn't believe this ad... a sporting proposition

Take a no-obligation test drive in a 1965 Ford. Maybe you just couldn't believe the ad (reprinted above) which appeared in this paper a few weeks ago. After all, many consider Rolls-Royce to be one of the world's finest cars. But Ford does ride better. The world's leading automotive experts (Bolt, Beranek and Newman, Inc.) made the tests. The U.S. Auto Club certified the results. This year's Ford has the strongest body ever... a revolutionary new frame that "tunes out" vibrations... new ultra-soft coil-spring suspensions... all contributing to the new hushed ride. But the ride is only part of what's new.

■ New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower than in competing cars for extra foot room. ■ Trunk has more usable space than ever—holds four 2-suiters standing upright.

■ New ultra-luxurious LTD series — unmatched by any other car in Ford's class. ■ Silent-Flow ventilation (standard on 4-door hardtops) removes stale air, provides fresh air even with all windows closed. ■ Exclusive new twin-edge key-works with either side up.

■ Hot, but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models.

■ Smooth, sturdy new Big Six in other models — the most powerful standard V-8 offered by any car in Ford's class. ■ V-8 options to 425 hp.

■ All Ford automatic transmissions have 3 speeds, not 2 as in many competing cars. ■ Fully synchronized manual transmissions — you can even shift down to first without clashing gears.

If all this sounds like a lot for one car to offer... take a test drive. See why more people are buying Fords than ever before in post-war history.

The most exciting touchdown ever ran this season was run during this game. The ball, after the runner was tackled, was stolen by the Greyhounds and carried all the way across the goal line. Many thought the ball had been blown dead, but this was only one touchdown.

The Bobcats hope to win the remainder of their games.

A boy that I like very much asked me to a big dance after he had been turned down by someone else. I'd love to go with him, but it bothers me to have been second choice. I can't get over the feeling that he doesn't really like me.

takes a lot to ask another girl for a date after you've been turned down by one. He surely wouldn't have asked you if he felt he wouldn't enjoy your company. You should accept the invitation as though you were asked first. This may be your chance to be first from now on. Let him know that you are enjoying his company and thank him for a good time after the dance.

with different families as to the age at which a girl should start dating. As you know the decision rests with your parents. Maybe they have a reason for wanting you to entertain your friends at home. Why don't you and your parents discuss the matter. You can use this situation to your advantage, by showing your parents that you are mature enough to go out on dates. Invite friends to your home that appeal to your parents. If your parents like your friends you bring them; they probably will trust you to go out with them.

22,000,000 Veterans — All Wars Alive

For the first time since the days of World War I, the estimated number of veterans in civilian life has dropped below the 22 million mark. Melvin T. Dixon of the Fla. Dept. of Veterans Affairs reported. There were an estimated 21,999,000 veterans in civilian life on July 31, 1964, the latest date for which statistics are now available.

By way of comparison, there were approximately 4,400,000

in civilian life, and most of them were World War I veterans when the attack on Pearl Harbor brought the United States into World War II.

Increasing steadily as the servicemen of World War II and later of the Korean Conflict returned to civilian pursuits, the number of veterans in the nation reached an all-time high of 22,735,000 in March 1958.

The July 31, 1964 breakdown of veterans shows that 4,573,

200 were veterans of the Korean Conflict alone. 15,042,000 were World War I veterans; 2,218,000 were World War II veterans and 166,000 were veterans of all other wars or former regular military establishment members. Included in this figure are about 18,000 Spanish American War veterans and 18 veterans of the Indian War.

Ages of American veterans in civilian life range from over the 100 mark for some of the Indian War, or Spanish American War veterans to an average of 32.9 years for Korean Conflict veterans. The average age of the Spanish American War veterans is 86; for World War I veterans it is 70 years and for World War II veterans, 45 years.

Pot Roasting—

Is Better In Tightly Covered Pan

What's the secret of successful pot roasting?

Slow cooking, low temperature, and a pan with a tight fitting cover are the keys to success, say home economists in the U. S. Department of Agriculture.

And speaking of pot roast—why not plan to serve it often? Pot roasts and other beef cuts continue plentiful. USDA's Agricultural Marketing Service reports. Homemakers will find economical beef pot roasts a wise food buy during September and October.

out that many different cuts of beef are suitable for pot roasting.

Among the more popular cuts are shoulder or chuck, blade bone roasts, round or shoulder bone roasts, and boneless chuck roasts.

The heel of the round is a boneless three-cornered cut from the lower part of the beef round that also makes tasty pot roast. Another cut, suitable for pot roasting, is the bone-in or rolled, boneless rump roast.

Pot roasting, says USDA, is an all encompassing term given to large cuts of meat which are cooked by the braising method. Braising is a moist heat method of cooking which requires a heavy pan or kettle with a tight fitting cover.

After selecting the proper size tripepan or Dutch oven, melt a small amount of fat in the pan and slowly brown the meat on all sides. The roast may be dredged in seasoned flour before browning, if desired.

Remember that slow browning is most important because it insures uniform and permanent browning.

After the meat has browned, add a small amount of liquid. This may be either water, vegetable juice, tomato pulp and juice, milk, cream, sour cream, fruit juices, or other liquid. Be sure, however, to use only a small amount. About one-fourth cup is sufficient liquid to cook a 3 to 4 pound roast.

Add more liquid as it cooks away. Remember that as the liquid cooks down it helps form the basis for a rich gravy that may be prepared later.

Make sure the cooking vessel is tightly covered and that the roast is cooked slowly at low temperature. About 3 or 4 hours is the average time required for a 3 to 5 pound roast.

About 30 or 45 minutes before the meat becomes tender, add vegetables to the pot roast. Continue cooking until both meat and vegetables are thoroughly done.

Remove meat and vegetables from pan and keep warm while preparing the gravy. For each cup of gravy needed, use 2 tablespoons drippings and 2 table spoons flour. Stir flour into drippings, brown slightly, then slowly add 1 cup liquid (water or milk). Cook slowly, stirring frequently until thickened. Season to taste with salt and pepper, and serve over roast.
